EXP

Feel the Difference with the NEW **25W EXP**

with Influence® Technology & the Empower™ Delivery System

The Power You Want...

Featuring up to 25W of therapeutic power, the LightForce® EXP therapy laser facilitates fast and efficient treatments deep in targeted tissues. Experience the soothing warmth and powerful benefits of the LightForce EXP therapy laser.

Empower™ DS provides the versatility you need to treat your toughest cases. Five available treatment heads, including the patented laser-massage ball, and the toughest fiber available make the LightForce advantage yours.

Influence® Technology

Delivery of the optimal therapeutic dose to the damaged tissue is the key to effective results.

Muscle tone, size and pigmentation significantly affect the penetration of all therapy lasers.

Influence technology provides patient specific protocols based on individual characteristics. Personalize your treatments with Influence and achieve consistent results.
